Repo: C:\Users\avidu\Projects\badminton-highlight-indexer (branch docs/pmf-field-signals ? uncommitted working-tree changes included; read the files as they are on disk).
Files under review (read all in full):
- docs/PRODUCT_FIELD_ASSOCIATE_FLYER.md (NEW - the recruiting flyer the owner hands to CANDIDATES; the owner recruits personally)
- docs/FIELD_RESEARCH_ASSOCIATE_FLYER.md (reframed - now the hired associate's visit PLAYBOOK: coach script Q1-Q7, demo-after-Q6 rule, student questions, ground rules, Phase-2 record-and-show-back)
- docs/FIELD_VISIT_ANSWER_SHEET.md (per-visit form incl. new demo-reaction + student blocks)
- docs/PMF_FIELD_SIGNALS.md (the pre-registered decision layer; demo/student data = product feedback, NOT verdict signals)
Grounding (read as needed): docs/PMF_MARKET_RESEARCH.md, docs/UI_PROPOSAL.md + docs/UI_ALPHA_EXECUTION_PLAN.md + docs/HOSTING_PLAN.md (what the UI/hosting can honestly claim today), CLAUDE.md guardrails (minors exclusion, consent).

Owner's spec (verbatim intent): hire a person who visits academies, talks to coaches AND students, to understand how the project helps them and gather improvement feedback - full stop. Stretch goal: that person helps record videos, we run the pipeline, show the academy a sample result ("how it will look for them"). UI will be ready by then; hosting plan exposes the service to a few allowlisted people. The flyer must let a reasonable (non-technical) person understand the gig; the owner recruits personally.

A critic claims the following flaw. Adversarially verify by reading the actual files - try to REFUTE it. Default to refuted if pedantic, out of scope for a one-person 3-4 week field gig run personally by the owner, or already handled elsewhere in the kit.

CLAIM [low] 'First reply gets a 15-minute call' parses two ways
Line 82-83 of the flyer. Intended meaning is presumably 'the next step after you message is a 15-minute call', but a plain reading ? especially for a non-native-English reader ? is 'only the FIRST person to reply gets a call' (first-come-first-served), which pressures rushed applications or discourages anyone who thinks they're late.
Proposed fix: Reword: 'Next step: a 15-minute phone call with Avi.'

13

14 ## The product, in plain words

15

16 ****KhelSutra**** turns ordinary practice/match video from a badminton academy into
17 ready-to-use pieces: it automatically finds ****every rally**** in the recording, cuts
18 ****highlight reels****, and produces a simple ****match report****. It works on video from
19 a phone on a tripod ? no special cameras, no hardware to install. A private web
20 app is opening to a small set of invited academies.

21

22 ## The job, in one paragraph

23

24 Visit good badminton academies across Bengaluru and have honest conversations with
25 ****coaches AND students****: how do they work with video today, would something like
26 this actually help them, and ****what would make it genuinely useful for them**** ?
27 including what's missing or wrong with the idea. You work from a provided
28 conversation guide, write down what people ****actually say**** (the negative answers
29 matter most), and debrief with Avi after each visit. ****You are gathering feedback,**
30 **not selling.**** No tech background needed.

31

32 ## The stretch goal (extra pay)

33

34 For academies that are interested, you coordinate a simple recording session ?
35 a phone on a tripod, one-page checklist provided. We run that video through
36 KhelSutra, and you go back and show them ****their own court, their own players, as**
37 **highlight reels and a report****: ****this is what it looks like for you.**** Then you
38 write down exactly what they say. There is no stronger feedback than that moment.

39

40 ## What you'll actually do

41

42 - Visit ****10?15 academies**** (intro + conversation, ~20?30 minutes each).
43 - Talk to the ****owner/head coach**** first, and ? with their permission ? a few
44 ****senior or adult students**** about whether they'd watch/share their own rally
45 clips and what they'd want from them.
46 - Fill ****one structured answer sheet per visit**** (we provide it) ? their words,
47 not yours, including the most negative thing said.
48 - Show a short sample reel on your phone ****only at the point the guide says to****
49 (after the open questions ? it changes people's answers if shown early).
50 - Debrief with Avi after each visit (WhatsApp/call). ****Your first two visits are**
51 **done together with him****, so you're never improvising.
52 - ***Stretch:** coordinate recording sessions and present the sample results back.

53

54 ## You're a good fit if

55

56 - You're comfortable walking into an academy and starting a conversation with a
57 stranger ? and just as comfortable hearing "no, this is useless to us."
58 - You can capture what people said ****accurately**** ? quotes, not summaries.
59 - Kannada / Hindi / English, as the conversation needs (you choose the mix).
60 - You play or follow a racket sport (helps a lot; not required).
61 - No technical skills needed. Reliability matters more than anything else.

62

63 ## What you get

64

65 - Paid per completed honest visit ? ****not**** per positive answer. A well-documented
66 "they hated it, here's why" is a fully paid, fully successful visit.
67 - Ground-floor view of a real sports-AI product finding its market; your field
68 notes directly shape what gets built next.
69 - Flexible hours, short commitment, clear scope.

70

71 ## Ground rules (the short version ? full version provided on joining)

72

73 1. Honesty over positivity. Never oversell, never promise features, prices, or dates.
74 2. ****No recording of any person without written consent**** ? and sessions involving
75 ****minors are never recorded**** for our use, period. In regular visits you record
76 nothing at all: notes only.
77 3. People's contact details stay between you and Avi.
78
79 ## How to apply
80
81 Message Avi at ____ with ****"FIELD"****, one line about a sport you follow, and one
82 line about a time you had to get honest feedback out of someone. First reply gets
83 a 15-minute call.

Verification complete ? the claim is confirmed as a real but low-severity copy ambiguity in the flyer's call-to-action.
