Repo: C:\Users\avidu\Projects\badminton-highlight-indexer (branch docs/pmf-field-signals).

Review these files (read them in full):

- docs/PMF_FIELD_SIGNALS.md (NEW - hypotheses H1-H7, GREEN/AMBER/RED scoring anchors, pre-registered decision rules PROCEED/PIVOT A-C/FALSIFIED, rollup mechanics, guardrails)
- docs/FIELD_VISIT_ANSWER_SHEET.md (NEW - the per-visit capture form a non-technical field associate fills by hand)
- docs/FIELD_RESEARCH_ASSOCIATE_FLYER.md (EXISTING, lightly edited - the recruit hand-out with the 7-question script and ground rules)

Grounding docs (also read): docs/PMF_MARKET_RESEARCH.md (esp. SS6 risks and pricing anchors), docs/NEXT_STEPS.md item 5, docs/COMMERCIALIZATION.md C13 row.

Context: the owner ratified that PMF validation happens by physically visiting Bangalore badminton academies (10-15 visits by a paid non-technical field associate) and reading signals. The kit's job: make 15 visits produce a pre-registered verdict (proceed/pivot/falsified) rather than motivated reasoning. Product = KhelSutra (rally indexing + highlights from static-camera footage; wedge = messy multi-court BYO footage; serving COGS ~\$0.30-0.60/hr via Gemini).

A critic claims the following flaw in the field-validation kit. Adversarially verify by reading the actual files - try to REFUTE it. Default to refuted if the flaw is pedantic, out of scope for a 10-15-visit directional read, or already mitigated elsewhere in the kit.

CLAIM [medium] H5 GREEN anchor ('volunteers >=300 unprompted') is contaminated by the script's own anchor ladder

PMF_FIELD_SIGNALS.md section 2 grades H5 GREEN only when the academy 'volunteers >=300/match unprompted'. But the flyer's scripted Q5 (docs/FIELD_RESEARCH_ASSOCIATE_FLYER.md line 40-42) has the associate read out the ladder in the question itself: 'What feels fair ? 100, 300, 500 per match?', with '(Let THEM say a number first)' only as a parenthetical afterthought. As scripted, every visit is prompted, making 'unprompted' GREEN nearly unreachable/unscorable ? and it also sits awkwardly next to flyer ground rule 1 ('Never quote a price yourself'). PROCEED needs >=4 'H5 at 300+', so this ambiguity directly feeds the headline decision rule. Related ambiguity: the GREEN anchor's alternate clause ('proposes a budget framing of their own ? per-student/per-month') produces no ?/match number at all, and the doc never says whether such a visit counts toward the 'H5 at 300+' tally (which is a number-based metric, not a color-based one).

Proposed fix: Restructure Q5 into two explicit steps in the flyer: (1) ask 'would you pay per match ? what feels fair?' and wait; (2) only if they will not name a number, offer the 100/300/500 ladder. Add a checkbox to FIELD_VISIT_ANSWER_SHEET.md Q5: 'number came BEFORE / AFTER the ladder'. In PMF_FIELD_SIGNALS.md, define 'H5 at 300+' precisely (recorded ? number >= 300 regardless of prompting; state how budget-framing GREENs convert, e.g. owner computes the per-match equivalent).

```
1      # C13 Field Signals ? what academy visits must tell us (and when to change course)
2
3      **Status:** ACTIVE ? the decision layer for the C13 beachhead validation
4      (owner-ratified direction, 2026-06-12: *PMF validation is handled by physically
5      visiting academies and reading signals on the ground*).
6      **Companions:** [`FIELD_RESEARCH_ASSOCIATE_FLYER.md`](FIELD_RESEARCH_ASSOCIATE_FLYER.md)
7      (the recruit hand-out: script + ground rules) .
8      [`FIELD_VISIT_ANSWER_SHEET.md`](FIELD_VISIT_ANSWER_SHEET.md) (the per-visit capture
form) .
9      [`PMF_MARKET_RESEARCH.md`](PMF_MARKET_RESEARCH.md) (the hypotheses under test, esp. §6).
10
11     **Why this doc exists:** the flyer collects answers; this doc fixes ? **before the
12     first visit** ? what those answers *mean* and what totals trigger which decision.
13     Pre-registering the thresholds is the honesty mechanism: it stops us from reading
14     15 ambiguous conversations as whatever we hoped to hear.
15
16     ---
17
18     ## 1. The hypotheses under test (each maps to script questions)
19
20     | ID | Hypothesis (from PMF research) | Falsified looks like | Script Q |
21     |---|---|---|---|
22     | H1 | **Recording behavior exists** ? academies already produce fixed-angle / CCTV /
multi-court footage without us | nobody records; "we'd have to start for you" | Q1 |
23     | H2 | **Dead-footage pain** ? recorded footage piles up unwatched (the indexing wedge)
| footage is small, or already gets watched | Q2 ? |
24     | H3 | **An audience exists** ? coach, player, or parent would actually consume rally
clips/reels | shrug; "who has time to watch clips" | Q3 |
25     | H4 | **Whitespace** ? incumbents (Machaxi, VISIST, Game Theory, Stupa, BadPro+) leave
a gap we fit | "we use X, it's fine, fully solved" | Q4 |
26     | H5 | **Willingness to pay per match** at a price that clears unit economics | "should
be free" / <?100 everywhere | Q5 ? |
27     | H6 | **Multi-court chaos is a felt problem** (our moat: indexing messy BYO multi-court
footage) | multi-court video already useful to them | Q6 |
28     | H7 | **Behavioral commitment** ? they'll let us record on their court (Phase-2 door) |
polite no across the board | Q7 |
29
30     Unit-economics floor behind H5: serving COGS on the Gemini path is ~$0.30?0.60 per
31     hour of video (? ?25?50/hr; 2026-06-10 quality table). A 2?3 hr session costs
32     roughly ?75?150 to process, so **?300/match has real margin, ?100/match is
33     break-even-ish at retail** ? that's why the script's anchor ladder is ?100/300/500.
34
35     ## 2. Per-visit scoring ? GREEN / AMBER / RED anchors
36
37     Score each hypothesis on the answer sheet **from what they said and showed, not
38     what you inferred**. When between two grades, take the lower one.
```

39

40 | | GREEN (strong confirm) | AMBER (weak/mixed) | RED (disconfirm) |

41 |---|---|---|---|

42 | ****H1 record**** | shows or names actual setup (tripod/CCTV/phone rig) used ?monthly |

records occasionally (tournaments only) | doesn't record; no plans |

43 | ****H2 dead footage**** | points at real unwatched volume (?~5 hrs, "CCTV runs all day",

tournament backlog) | some footage, partially watched | no backlog exists |

44 | ****H3 audience**** | names WHO would watch and WHEN (e.g. "parents ask for clips", "I

review with students Mondays") | "could be useful, maybe" | no consumer identified |

45 | ****H4 whitespace**** | no tool today, or uses one and volunteers a gap we cover (multi-

court, BYO footage, price) | uses a competitor, mildly satisfied | competitor solves it,

satisfied, sticky |

46 | ****H5 WTP**** | volunteers ??300/match unprompted, or proposes a budget framing of their

own (per-student/per-month) | lands at ~?100 with hesitation | refuses to name a number / "free"

|

47 | ****H6 multi-court**** | complains about it in their own words before/without prompting |

agrees when asked | multi-court footage already works for them |

48 | ****H7 Phase-2**** | yes + gives a name/number/slot | "maybe, come back" | no |

49

50 ****Weighting rule (behavior > words):**** H7-GREEN and H2-GREEN are ***behavioral***

51 signals and count double in your gut-read; H3/H5 answers are ***talk*** until a Phase-2

52 session or a real payment corroborates them. A visit with H5-GREEN but H7-RED is a

53 polite conversation, not a customer.

54

55 ****Disconfirming-evidence quota:**** every visit sheet must record at least one

56 verbatim ***negative*** quote (the thing they liked least / wouldn't pay for). If a

57 sheet has only positives, the visit gets re-done or discounted ? per the flyer's

58 ground rule 4, a reasoned "no" is worth more than five vague yeses.

59

60 **## 3. Pre-registered decision rules (n = 10?15 academies)**

61

62 Counts, not percentages ? at this sample size we're reading direction, not

63 estimating proportions. Evaluate after ****every 5 completed sheets****; final call at

64 the agreed n. "GREEN" below means GREEN on that hypothesis row.

65

66 | Verdict | Trigger (pre-registered) | What we then do |

67 |---|---|---|

68 | ****PROCEED ? beachhead validated**** | ?6 H2-GREEN ****and**** ?4 H5 at ?300+ ****and**** ?3

H7-GREEN | Run the camera pilot at the ??3 warmest academies; those contacts seed the UI-alpha

Wave-1 invite list (UI_ALPHA_EXECUTION_PLAN Phase R); start the paid-pilot conversation with the

single warmest |

69 | ****PIVOT A ? "index the backlog" ? "record + index" service**** | H2 mostly RED (<3

GREEN) but H3+H5 healthy on ***fresh*** recordings | The pain isn't the archive, it's that nothing

useful gets made at all ? lead with the Phase-2 recording offer; camera pilot becomes the

product wedge, not the demo |

70 | ****PIVOT B ? partner/API motion**** | H4 RED at ?5 academies (incumbents entrenched and

liked) | Don't fight installed hardware head-on; explore the engine/API route through whoever

owns the academy relationship (the PB Vision x PodPlay template from the 2026-06-10 audit) |

71 | ****PIVOT C ? payer is the parent, not the academy**** | H5 RED from owners but H3

repeatedly names parents/players asking for clips | Re-test WTP as B2C per-student reels (?/reel

to parents) with the academy as channel, not customer |

72 | ****FALSIFIED ? beachhead assumption fails**** | <3 academies record at all (H1) ****and**** 0

H7-GREEN | The "academies already record fixed-angle" premise (PMF §6 risk 1) is wrong for this

market ? revisit beachheads #2/#3 (pickleball-US, badminton Asia/Denmark) before building

further |

73

74 Mixed outcomes that match no row: write up the per-hypothesis tallies and decide

75 explicitly with the owner ? but ****the tallies above get computed first****, so the

76 discussion starts from the pre-registered read, not from anecdotes.

77

78 ****Competitor-intel side-channel (always-on):**** any visit where a competitor is

79 named ? fill the answer sheet's competitor block (what it does, what it misses,

80 what they pay). ?3 consistent reports about one product = update

81 **`PMF\_MARKET\_RESEARCH.md`** §4 with field-verified rows (today's table is web-sourced).

82

```

83     ## 4. Mechanics
84
85     - One [ `FIELD_VISIT_ANSWER_SHEET.md` ](FIELD_VISIT_ANSWER_SHEET.md) per academy,
86       same day as the visit, in the associate's words + verbatim quotes.
87     - The owner (or Claude session) transcribes each sheet into one row of the rollup
88       table below (keep it in this doc or a sheet next to it); tallies and the
89       decision-rule read-out update per 5 visits.
90     - Demo asset if a conversation earns it: the real compiled reel
91       ( `output/MahadevpuraSingles_highlights.mp4` ) on a phone ? *show, never promise*
92       (flyer ground rule 3 still applies; the associate doesn't carry the demo,
93       the owner does on follow-ups).
94
95     ### Rollup table (one row per completed visit)
96
97     | # | Academy | Area | Courts | Role spoken to | H1 | H2 | H3 | H4 | H5 (?) | H6 | H7 |
98   Gut | Phase-2? |
99     |---|---|---|---|---|---|---|---|---|---|---|---|
100    | 1 | | | | | | | | | | |
101
102     ### Tally ? decision read-out (recompute per 5 visits)
103
104     | Metric | Count | Threshold in play |
105     |---|---|---|
106     | H2 GREEN (dead footage) | /n | ?6 ? PROCEED leg; <3 ? PIVOT A leg |
107     | H5 at ?300+ | /n | ?4 ? PROCEED leg |
108     | H7 GREEN (Phase-2 yes + contact) | /n | ?3 ? PROCEED leg; 0 ? FALSIFIED leg |
109     | H4 RED (incumbent satisfied) | /n | ?5 ? PIVOT B |
110     | H1 any recording | /n | <3 ? FALSIFIED leg |
111     | H5 RED + H3 names parents | /n | recurring ? PIVOT C |
112
113     ## 5. Guardrails that bind the field work
114
115     - **Phase 1 records nothing** ? notes only (flyer rule 7).
116     - **Phase 2 consent rules are hard:** written consent from the academy AND adult
117       players; **sessions with minors are never recorded for our library** (training-pool
118       guardrail, CLAUDE.md); the academy is told plainly what the footage is for.
119     - Answer sheets contain personal contact details ? they stay between the associate
120       and the owner; transcribe to the rollup without phone numbers.

```

5. user (2026-06-12T14:41:45.272Z)

```

1     # Field Visit Answer Sheet ? one per academy (fill the same day)
2
3     > Print one per planned visit. Write THEIR words, not yours. A clear "no, because?"
4     > is a *good* sheet. Companion script: `FIELD_RESEARCH_ASSOCIATE_FLYER.md`.
5     > Scoring anchors (G/A/R): `PMF_FIELD_SIGNALS.md` §2.
6
7     ## Visit basics
8
9     | | |
10    |---|---|
11    | Date / time | |
12    | Academy name | |
13    | Area (neighbourhood) | |
14    | # courts in the hall | |
15    | Spoke to (name + role) | |
16    | Contact (phone/WhatsApp) ? *only if offered* | |
17    | How long the conversation ran | |
18
19    ## The seven questions ? their answers (verbatim where possible)
20
21    **Q1 ? Do they record sessions/matches today? How (phone / tripod / CCTV / hired)?**
22
23    >

```

```

24
25     **Q2 ? ? Footage sitting around that nobody watches? Roughly how much, and from what?**
26
27     >
28
29     **Q3 ? Who would watch rally clips/highlights (coach / players / parents)? When?**
30
31     >
32
33     **Q4 ? What do they use today (Machaxi / VISIST / Game Theory / BadPro+ / none)?
34     What's good, what's missing, what does it cost them?**
35
36     >
37
38     **Q5 ? ? Would they pay per match for rally cuts + reel + report? What number did
39     THEY say first (?)? What was their face doing?**
40
41     >
42
43     **Q6 ? Multiple courts in frame ? does that make video useless today? Their words:**
44
45     >
46
47     **Q7 ? Open to a paid recording session on their court? (yes / maybe / no ? and who
48     to call)**
49
50     >
51
52     ## Required: the most negative thing they said (verbatim)
53
54     >
55
56     ## Best quotes (anything vivid, in their words)
57
58     >
59
60     ## Scores (circle one per row ? anchors in PMF_FIELD_SIGNALS.md §2; when torn, score
61     lower)
62     | Hypothesis | Score |
63     |---|---|
64     | H1 recording behavior | GREEN / AMBER / RED |
65     | H2 dead footage | GREEN / AMBER / RED |
66     | H3 audience | GREEN / AMBER / RED |
67     | H4 whitespace | GREEN / AMBER / RED |
68     | H5 willingness to pay ? their ? number: _____ | GREEN / AMBER / RED |
69     | H6 multi-court pain | GREEN / AMBER / RED |
70     | H7 Phase-2 door | GREEN / AMBER / RED |
71
72     ## Competitor block (only if they named one)
73
74     | | |
75     |---|---|
76     | Product | |
77     | What it does well (their words) | |
78     | What it misses (their words) | |
79     | What they pay | |
80
81     ## Your gut read (circle): COLD · POLITE · CURIOUS · EAGER
82
83     ## Phase-2 candidate? (circle): YES ? call: _____ · MAYBE · NO
84
85     ## Anything else worth knowing (layout, lighting, camera positions you noticed, who
86     really decides)

```

87 >
88

6. user (2026-06-12T14:41:45.676Z)

```
1      # Temporary Engagement: Field Research Associate (Sports-Tech, Bengaluru)
2
3      **Duration:** ~2?3 weeks, part-time (flexible hours, mostly afternoons/evenings when
academies are active)
4      **Location:** Bengaluru ? in-person visits to badminton academies
5      **Compensation:** ? ___ per completed academy visit + travel reimbursement *(discussed
individually)*
6      **Reports to:** Avi (phone/WhatsApp: ___ )
7
8      ---
9
10     ## The gig in one paragraph
11
12     We're building an AI tool that takes ordinary practice/match video from a badminton
academy and automatically finds
13     every rally, builds highlight reels, and generates match reports. Before building
further, we need honest, on-the-ground
14     answers from real academies about how they record, what they'd use, and what they'd pay.
**Your job: visit 10?15 good
15     academies, have a friendly 15?20 minute conversation with the owner/head coach using the
script below, and write down
16     what they actually say.** No selling. No tech knowledge needed. If a conversation goes
well, there's a Phase-2 follow-up
17     (coordinating a paid video-recording session) with additional compensation.
18
19     ---
20
21     ## Phase 1 ? The conversation (what you actually do)
22
23     **Who to talk to:** the academy owner or head coach ? the person who decides what the
academy spends money on.
24     If you get a junior coach, be friendly, gather what you can, and ask when the owner is
available.
25
26     **Opening (keep it this honest):**
27     > "Hi, I'm helping a Bengaluru engineer who's building an AI tool for badminton
academies ? it takes normal practice
28     > video and automatically cuts it into rallies and highlights. He asked me to talk to a
few serious academies to
29     > understand how you work with video today. Could I ask you a few questions? Takes 15
minutes, and we're not selling
30     > anything today."
31
32     **The questions (ask in this order; the starred ones matter most):**
33
34     1. Do you ever video-record sessions or matches here? How ? phone, tripod, CCTV, a hired
person?
35     2. ? **Do you have recorded footage sitting around that nobody has time to watch?**
(multi-court hall recordings,
36     tournament days, CCTV) ? roughly how much?
37     3. Who would watch rally clips or highlights if they existed ? coaches for training?
players? parents?
38     4. What do you use today for any of this? (Listen for: Machaxi, VISIST, Game Theory,
BadPro+, just YouTube/phone.)
39     What do you like / what's missing in it?
40     5. ? **If you could hand over a full session's video and get back every rally cut out +
a highlight reel + a simple
41     report ? would you pay per match for that? What feels fair ? ?100, ?300, ?500 per
match?** (Let THEM say a number
42     first. Note their face, not just the words.)
```

```

43     6. Your hall has multiple courts running at once, right? Does that make video less
useful today?
44     7. Would you let us record one session here (we pay a small fee for the time) to show
you what the tool produces on
45     YOUR court? *(This is the Phase-2 door ? just note yes/no/maybe and who to call.)*
46
47     **After each visit, fill ONE answer sheet ? the template is
[FIELD_VISIT_ANSWER_SHEET.md](FIELD_VISIT_ANSWER_SHEET.md)
48     (print one per visit):** academy name, location, # courts, person spoken to + role +
contact, answers 1?7 (their
49     words, not yours), the most negative thing they said (required), exact quotes, your gut
read, and whether they're a
50     Phase-2 candidate. *(How the answers get scored and what totals trigger which decision
lives in
51     [PMF_FIELD_SIGNALS.md](PMF_FIELD_SIGNALS.md) ? that part is ours, not yours; just
capture honestly.)*
52
53     ---
54
55     ## Ground rules & gotchas (read twice ? this is the difference between useful and
useless)
56
57     1. **You are researching, not selling.** If they ask "how much will it cost", say
"that's exactly what he's trying to
58     figure out ? what would feel fair to you?" Never quote a price yourself.
59     2. **Past behavior beats opinions.** "Would you use video?" gets polite lies. "When did
you LAST record a session, and
60     what happened to that file?" gets the truth. Prefer the second kind of question.
61     3. **Don't promise anything.** No features, no dates, no free trials. The only thing you
may offer is the Phase-2 idea
62     (a paid recording session + free sample output) and only as "would you be open to
it".
63     4. **Write down disappointing answers verbatim.** A "no, we'd never pay for that" with a
reason is worth MORE to us
64     than five vague yeses. You're paid per completed honest visit, not per positive
answer.
65     5. **If they already use a competitor (Machaxi/VISIST/Game Theory etc.) ? goldmine.**
Ask what it does well, what it
66     doesn't, and what they pay. Spend extra time here.
67     6. **Multi-court is our favorite topic.** If they complain that video is useless because
"all the courts are in frame
68     and it's chaos" ? capture that complaint in their exact words. That's the problem we
solve.
69     7. **No recordings of people without clear permission.** In Phase 1 you record NOTHING ?
notes only. Don't photograph
70     the academy or players unless the owner offers.
71     8. **Don't oversit.** 20 minutes, thank them, leave a good impression ? we may come back
to record.
72     9. **Confidentiality:** don't describe the tech beyond the opening line, don't name
other academies' answers, and
73     don't share the answer sheets with anyone except Avi.
74
75     ---
76
77     ## Phase 2 (only for academies that said yes ? separate briefing & pay)
78
79     You coordinate a recording session: we pay the academy a small fee, set up a
phone/camera on a tripod (we provide a
80     one-page capture checklist: behind the court, elevated, whole court in frame, landscape,
1080p/60fps, don't move it),
81     record 1?2 sessions, and later return a sample highlight reel + report to the academy
for free. **Hard rules:**
82     written consent from the academy AND the adult players being recorded; **sessions with
minors are not recorded for
83     our library** ? adult sessions only; the academy gets told plainly what the footage is

```

```
for (building and demonstrating
84     the tool).

201-## Changelog
202-
203-- **2026-06-07** ? Added the market-research-of-record (`PMF_MARKET_RESEARCH.md`):
204: ranked beachhead (India badminton academies #1), pricing benchmarks, and a C13
205: "beachhead validation" workstream. Wired the summary into §6.
206-- **2026-06-07** ? Created this living tracker. Merged the 2026-05-30 monetization
207: audit + the commercial-readiness review. **Refreshed since the audit:** C1 AGPL
```

9. user (2026-06-12T14:42:45.688Z)

56:5. ****PMF validation (cheaper than any engineering month):**** C13 academy interviews (+ the two added questions:
57: "multi-court footage nobody watches?" / "pay per-match to index it?"); camera pilot at the warmest 2-3 academies
59: `output/MahadevpuraSingles\_highlights.mp4`). ****Field kit COMPLETE (2026-06-12, owner ratified the**
60: **physical-visit approach):**** `docs/FIELD\_RESEARCH\_ASSOCIATE\_FLYER.md` (recruit hand-out: script, ground rules,
61: Phase-2 consent; owner fills ?/contact placeholders) + `docs/FIELD\_VISIT\_ANSWER\_SHEET.md` (per-visit capture
62: form) + `docs/PMF\_FIELD\_SIGNALS.md` (G/A/R scoring anchors + ****pre-registered decision rules**** ? PROCEED /
63: PIVOT A-C / FALSIFIED thresholds fixed before the first visit).

10. user (2026-06-12T14:42:46.336Z)

180 ****Bottom line:**** lead with ****India badminton academies**** (whitespace + behavior + buyer
181 alignment), use ****enthusiast B2C as the funnel****, validate a ****club/academy B2B2C**
182 motion**, then expand to ****pickleball-US**** (out-build SwingVision) and
183 ****badminton-Asia/Denmark**** (density).
184
185 ---
186
187 ## 6. Risks & open questions (what would invalidate the thesis)
188
189 1. ****Tripod/static-camera adoption among amateurs.**** If serious amateurs won't set up a
190 fixed camera, B2C TAM collapses to coaches/clubs. ***Validate:*** observe 3?5 academies +
191 50?100 enthusiasts on whether they already record fixed-angle.
192 2. ****Free / near-free alternatives**** (YouTube, free app tiers, BadPro+ pay-per-use) cap
193 B2C WTP. ***Validate:*** fake-door pricing at USD 60?180/yr.
194 3. ****Capture-quality variance = the failure mode**** (gym lighting, off-center angle,
195 occlusion, mixed resolutions). ***Validate:*** benchmark rally-detection P/R on 100+ real
196 amateur clips; define a "good-capture" spec + auto-reject (ties to
197 `VIDEO\_RECORDING\_GUIDELINES.md` + the observability reports).
198 4. ****Monetization mismatch in best-participation markets**** (India/Indonesia/China are
199 price-sensitive, hard to bill). ***Validate:*** local pricing/payments pilot; per-academy
200 INR licensing.
201 5. ****Competitive response**** (SwingVision or a team-sports incumbent adds racket sports).
202 ***Validate:*** ship a badminton-quality advantage incumbents can't trivially match
203 (offline self-improving detection, per-rally tagging).
204 6. ****B2B sales-cycle drag**** for clubs/federations/schools. ***Validate:*** single-coach/
205 academy self-serve before institutional deals.
206 7. ****Clean-licensing positioning**** matters mainly to B2B buyers ? confirm it's a real
207 purchasing criterion via 5?10 buyer interviews.
208
209 ****Cheapest next steps:**** (a) 10?15 discovery interviews with Indian badminton academy
210 owners/coaches; (b) a capture-quality benchmark on real amateur footage; (c) a fake-door
211 pricing test across B2C (~USD 99/yr) and B2B academy (~USD 600/yr).
