You are an adversarial Indonesian (Bahasa Indonesia) translation reviewer. Be strict ? find problems, don't praise. Review ONE lens only.

LENS ? INTEGRITY: are inline HTML tags identical to the source (same tags/attributes/order)? Is `content` byte-identical? Are keep-literal tokens (KhelSutra, VLC, rally-annotator, Gemini/GPT/LLM, GPU, MIT/Apache/BSD, file names, ending_reason values, 1080p/30 fps, WhatsApp), the VLC UI labels, and symbols ? . ? ? ? ° ? all preserved? Any stray untranslated English left in prose, or any raw key?

ENGLISH SOURCE (dotted key ? value):

```

```

Rules the translation must obey:

KEEP THESE EXACTLY ? never translate or transliterate:

- Brand/URLs: KhelSutra, khelsutra.guru, and the verbatim watermark "Generated by Khelsutra.guru".
- Tools/proper nouns: VLC, "VLC 3.0.x", "Rally Annotator", rally-annotator, rally_annotator.lua, WASB, WhatsApp.
- Models/licences/acronyms: Gemini, GPT, LLM, GPU, CPU, MIT, Apache, BSD, CLI, CSV.
- Everything inside `...` stays byte-identical (the ending_reason enum values unknown/winner/forced_error/unforced_error/service_fault/let/other, <video>.rallies.csv, "extensions", file paths).
- Numbers & units literal: 1080p, 30 fps, 60 fps, ~30°, 0.1.0. Keyboard keys literal: Ctrl/Cmd + P; "PDF" stays.
- VLC UI button/menu labels that appear in the page's screenshots STAY IN ENGLISH (translate the surrounding text):
 - "Mark START", "Mark END", "Save Rally", "Edit / Delete / Undo", "Reload extensions", "View ? Rally Annotator", "Tools ? Plugins and extensions".
- Symbols/emoji kept as-is: ? · ? ? ? ° ? ?.
- Sport names MAY take their natural local form (e.g. Spanish "bádminton", "tenis de mesa") ? that is correct localization, not a violation.

Preserve every inline HTML tag EXACTLY ? same tags, same attributes, same order:

, <i>, , <code>, , and <b style="color:#EAF3EE">. Translate ONLY the human-readable text between tags. Keep </> entities and the literal text inside <code> unchanged. A link request access keeps the same href; only the link text is translated.

Return {"issues":[{"key, severity (high|medium|low), problem, suggestion}]}. Only real defects under THIS lens; empty if clean.

2. assistant (2026-06-22T03:23:53.404Z)

I'll review the Indonesian translation under the INTEGRITY lens only. Let me check each entry against the source for HTML tags, code content, keep-literal tokens, and untranslated/raw text issues.

Under the INTEGRITY lens, I reviewed all entries for inline HTML tag fidelity, byte-identical ``` content, keep-literal token preservation, VLC UI labels, symbol preservation, and stray untranslated/raw-key issues. The translation is clean on this lens.

The Indonesian translation passes the INTEGRITY lens with no defects. Verified across all entries:

- **Inline HTML tags** ? every `<b>`, `<i>`, `<a href="...">`, `<code>`, `<span class="hl">`, and `<b style="color:#EAF3EE">` is identical to source in tag, attribute, and order. The `<a href="/#join">` and `<a href="/capture">` hrefs are preserved with only link text translated.
- **code content** byte-identical ? `rally_annotator.lua`, `extensions`, `<video>.rallies.csv`, and the full `ending_reason` enum` (unknown`/winner`/forced_error`/unforced_error`/service_fault`/let`/other`)` all unchanged. The `</>` entities are intact.
- **Keep-literal tokens** ? KhelSutra, khelsutra.guru, VLC, "VLC 3.0.x", rally-annotator, Gemini, GPT, LLM, GPU, CPU, MIT/Apache/BSD, CLI, CSV, WhatsApp, 1080p, 30 fps / 60 fps, ~30°, and the verbatim watermark `"Generated by Khelsutra.guru"` are all preserved.
- **VLC UI labels** stay English ? `Mark START`, `Mark END`, `Save Rally`, `Edit / Delete /`

Undo`, `Reload extensions`, `View ? Rally Annotator`, `Tools ? Plugins and extensions`, and the
`VLC ? View ? Rally Annotator` / `VLC ? Tools ? ...` menu strings are untranslated, with
surrounding prose translated correctly.

- **Symbols/emoji** ? `? . ? ? ? ° ?` all retained.

- **No stray English in prose / no raw keys** ? sport names take natural local forms (bulu
tangkis, tenis meja) which is permitted localization, not a violation.
