FINDINGS:

```

[
  {
    "key": "site.join.intro",
    "severity": "low",
    "problem": "\"Tell us a little about your setup\" is rendered as \"Cuéntanos un poco sobre cómo trabajas\" (\"tell us a little about how you work\"). In context, \"your setup\" means the user's recording configuration ? exactly what the form then collects (number of courts, storage). \"cómo trabajas\" generalizes this to work habits/process and loses the equipment/arrangement sense the English carries.",
    "suggestion": "Use a phrasing that keeps the recording-setup sense, e.g. \"Cuéntanos un poco sobre cómo grabas\" or \"...sobre tu configuración de grabación\".",
    "lens": "accuracy"
  },
  {
    "key": "site.join.consent",
    "severity": "low",
    "problem": "English \"Okay to email me about the KhelSutra alpha.\" specifies the contact channel (email). The draft \"De acuerdo en que me escriban sobre la alfa de KhelSutra.\" uses \"me escriban\" (write to me), which is generic and drops the explicit email-channel meaning of the consent. As a consent checkbox, the channel being agreed to should stay precise.",
    "suggestion": "Make the email channel explicit, e.g. \"De acuerdo en que me envíen correos sobre la alfa de KhelSutra.\" (and consider the more standard \"Estoy de acuerdo en que?\" lead-in).",
    "lens": "accuracy"
  },
  {
    "key": "site.join.title",
    "severity": "high",
    "problem": "Gender of 'alfa' contradicts the reference. The draft uses feminine 'la alfa' (\"Entra a la alfa\"), but the established product copy in locales/es/common.json consistently treats the alpha as masculine: \"Solicitar acceso al alfa\" (app.ctaPrimary, ownModel.cta.button), \"Próximamente en el alfa\", \"los usuarios del alfa\". Mixing genders for the same product term reads inconsistently to a native reader.",
    "suggestion": "Entra al alfa de KhelSutra",
    "lens": "fluency"
  },
  {

```

```

    "key": "site.join.consent",
    "severity": "high",
    "problem": "\"De acuerdo en que me escriban sobre la alfa\" is an awkward calque of \"Okay to email me.\" \"Estar de acuerdo en que\" is stiff and unidiomatic as a checkbox label, and it reads more like agreeing to a proposition than granting permission. Also repeats the feminine 'la alfa' inconsistency.",
    "suggestion": "Está bien que me escriban sobre el alfa de KhelSutra. (or: Acepto recibir correos sobre el alfa de KhelSutra.)",
    "lens": "fluency"
  },
  {
    "key": "site.join.done",
    "severity": "medium",
    "problem": "\"Gracias ? lo hemos recibido.\" is a literal calque of \"we've got it.\" With no explicit antecedent, the bare 'lo' (the form? the request?) sounds abrupt and slightly unnatural in Spanish; it does not carry the warm, reassuring tone of the English. The product's register elsewhere is warmer and plainer.",
    "suggestion": "¡Gracias! Ya lo tenemos. (or: Gracias, lo recibimos.)",
    "lens": "fluency"
  },
  {
    "key": "site.join.note",
    "severity": "low",
    "problem": "\"Política de Privacidad\" uses English-style title case. Spanish orthography capitalizes only the first word of such titles; the rest is lowercase. The reference link label convention favors natural Spanish casing.",
    "suggestion": "Política de privacidad",
    "lens": "fluency"
  },
  {
    "key": "site.join.teaser",
    "severity": "low",
    "problem": "\"un reel de muestra de 30 segundos hecho por ella\" is grammatical but slightly clunky: the relative tail 'hecho por ella' (referring back to 'la herramienta') trails awkwardly after the dash and the stacked 'de' phrases. Reads less smoothly than the crisp English.",
    "suggestion": "\"?y un reel de muestra de 30 segundos que ella misma creó? (or: ?y un reel de muestra de 30 segundos creado por ella?)",
    "lens": "fluency"
  }
}
]

```

This is a NON-technical Request-Access form (the visible labels, options, submit button, and the post-submit messages). Warm, plain, reassuring; match the product's existing app/site register (see REFERENCE).

KEEP THESE EXACTLY ? never translate or transliterate:

- Brand/URLs: KhelSutra, khelsutra.guru.
- Storage PRODUCT names, verbatim: "Google Drive", "OneDrive / Microsoft 365", "Dropbox" (these three keys return unchanged).
- Symbols/emoji kept: ? ? . ? ?
- "Privacy Policy" is a LINK label ? translate its words naturally for the locale (it is NOT a brand).
- "Sending?" is the button's in-flight state ? DO translate it (keep the trailing ? ellipsis). Some values contain inline HTML ? preserve every tag EXACTLY (same tag, same attributes, same order),

translating ONLY the human-readable text between tags:

- site.join.teaser: ? ? (keep the span + ?)
- site.join.note: ? Privacy Policy. (keep the exactly; translate the link text)
- site.join.done: ??
? (keep
 and the styled exactly)

All OTHER keys are PLAIN text ? do not add any HTML to them.

Return {"translations": { ... ALL 26 keys ... }}.

2. assistant (2026-06-22T16:19:37.127Z)

I'll review the findings and apply the fixes. Let me first check the reference file mentioned in

the findings to verify the gender convention for "alfa".

3. user (2026-06-22T16:19:38.800Z)

```
3:    "badge": "elige tus jugadas · alfa",
152:    "eyebrow": "Alfa solo por invitación · Bengaluru",
154:    "ctaPrimary": "Solicitar acceso al alfa",
305:    "button": "Solicitar acceso al alfa"
362:    "kicker": "Próximamente en el alfa",
364:    "intro": "Tu partido ya es un índice limpio de jugadas ? así que el siguiente paso
natural es dejarte construir cualquier reel solo describiéndolo, en lenguaje natural. Esto se
está habilitando para los usuarios del alfa.",
417:    "a": "Hoy tu reel incluye las jugadas que KhelSutra encontró, con el tiempo muerto
eliminado. Elegir por duración, cantidad, orden o qué juego ? solo pidiéndolo en lenguaje
natural ? se está habilitando a continuación para los usuarios del alfa; las consultas por tipo
de golpe y jugador llegan a medida que avanza el análisis más profundo."
```

4. assistant (2026-06-22T16:19:45.844Z)

The reference confirms the masculine convention: "Solicitar acceso al alfa", "Próximamente en el alfa", "los usuarios del alfa". The findings are well-grounded. Now I'll apply the fixes.

Applying each finding:

- `**site.join.title**` (high): masculine "al alfa" ? "Entra al alfa de KhelSutra"
- `**site.join.consent**` (high + low): natural permission phrasing with explicit email channel + masculine alfa ? "Acepto recibir correos sobre el alfa de KhelSutra."
- `**site.join.intro**` (low): recording-setup sense ? "...sobre cómo grabas"
- `**site.join.done**` (medium): natural reassuring tone ? "¡Gracias! Ya lo tenemos."
- `**site.join.note**` (low): Spanish casing ? "Política de privacidad"
- `**site.join.teaser**` (low): smoother relative clause ? "que ella misma creó"

All other keys (clean, plus keep-literal storage names, brand, symbols, HTML tags) stay unchanged.

5. user (2026-06-22T16:19:53.917Z)

Structured output provided successfully

6. assistant (2026-06-22T16:20:01.460Z)

Applied all 7 findings against the verified reference
(`C:\Users\avidu\Projects\kheelsutra\locales\es\common.json`, which confirmed masculine "el alfa").

Fixes made:

- `**site.join.title**` (high) ? masculine gender: "Entra al alfa de KhelSutra"
- `**site.join.consent**` (high + low) ? natural permission phrasing with explicit email channel + masculine alfa: "Acepto recibir correos sobre el alfa de KhelSutra."
- `**site.join.intro**` (low) ? recording-setup sense restored: "...sobre cómo grabas"
- `**site.join.done**` (medium) ? warmer, idiomatic: "¡Gracias! Ya lo tenemos."
- `**site.join.note**` (low) ? Spanish sentence casing: "Política de privacidad"
- `**site.join.teaser**` (low) ? smoother relative clause: "que ella misma creó"

Left unchanged: all clean keys, the three storage product names (Google Drive, OneDrive / Microsoft 365, Dropbox), brand name KhelSutra, and all HTML tags/attributes/symbols (? span, `
