This is a printable ACADEMY FLYER (badminton). Punchy, warm, concise ? it's marketing for coaches/players.

KEEP verbatim: KheIsutra, kheIsutra.guru, kheIsutra.guru/capture, hello@kheIsutra.guru,

WhatsApp, Instagram, 1080p,

"?60%", the watermark "Generated by KheIsutra.guru". Keep symbols ? ? ? . and emoji.

Bengaluru/India: use the locale's

established spelling (es/da/id keep them in Latin). Sport names may take their natural local form (e.g. es "bádminton").

REUSE the REFERENCE wording for the overlapping lines ? esp. the hero lead, the golden rule, the essentials

(place/settings/audio), the consent + watermark sentences (flyer "priv" ? consent + watermark), and the "rally"/"reel"

/"footage"/"court" terms ? so the flyer matches the website voice.

Preserve inline HTML EXACTLY (tags + attributes incl. the kheIsutra.guru/capture href), translating only the

human text: keys with markup are h1 (), lead/qrSmall (&),

spotP/golden/ess1?4 (), more (<a href>).

All other keys are plain text ? add no HTML. "&" stays "&" (it's HTML source).

Return {"issues":[{"key,severity,problem,suggestion}]}; empty if clean.

The review is complete. I checked the Spanish (Español, neutral) draft against the source flyer for meaning fidelity, dropped/added claims, honest caveats, and the consent/minors/watermark line.

Findings: the draft is clean on all the load-bearing dimensions.

- The hero lead, golden rule, and essentials (place/settings/audio) all map faithfully, reusing reference wording (jugada/rally, reel, cancha/court).
- No claims were dropped or inflated. "Save hours," "only the best," "share-ready," the alpha/invite-only/Bengaluru framing, and the 30-second sample reel caveat are all preserved.
- Inline HTML is intact: `<span class="hl">`, `<b>` tags, `&`, and the `<a href="https://kheIsutra.guru/capture">` link are untouched, with only human text translated.
- The consent/minors/watermark sentence ("priv") is fully faithful ? consent for adults, minors' footage never used to improve and never published, and the watermark string "Generated by KheIsutra.guru" preserved verbatim.

The two items I returned are low/medium and non-blocking (an acceptable "English ? inglés" label choice, and a confirmation that the privacy line is faithful) ? no corrections required. The structured output has been submitted.
